-

Work Experience

Herbal Chakra Private Limited | Noida, Uttar Pradesh *Full Stack Developer & Technical Lead* | August 2023 – Present

- Spearheaded the entire technology division, overseeing all IT operations, digital infrastructure, and software development for the parent company and its subsidiary ecommerce brands.
- Led the full-stack development and migration of the primary B2B portal (herbalchakra.in) from WordPress to a modern, high-performance Next.js architecture, significantly improving site speed and scalability.
- Architected and launched multiple direct-to-consumer (D2C) e-commerce stores from the ground up on the Shopify platform for brands like 'Purely Yours', facilitating the company's international expansion into the US and Australian markets.
- Designed and developed an innovative AI-powered consultation tool for 'Purely Yours' to guide customers through a diagnostic questionnaire and recommend appropriate products, enhancing user personalization.

- Managed all DevOps responsibilities, including server management and deployment, while also serving as the sole technical point of contact for integrating critical third-party services like Razorpay, Shiprocket, and Gupshup.
- Currently leading the company-wide implementation of the Odoo ERP system, coordinating between technical teams and business stakeholders to streamline core operational processes.

SafetyConnect | Greater Noida, Uttar Pradesh *Full Stack Developer Intern* | July 2022 – Dec 2022

- ▣ Developed and maintained key frontend and backend modules for the core SafetyConnect application.
- Implemented new features based on customer specifications, enhancing application functionality and user experience.
- Collaborated with the development team to diagnose and resolve complex bugs, contributing to a more stable product.

Projects

Embark Perfumes - E-commerce Website (Freelance Project)

- Engineered the end-to-end user authentication module, including registration, login, and secure session management.
- Developed core e-commerce features such as the product wishlist, user profile management, and a multi-step checkout process.
- Designed and built reusable, scalable React components for Product Displays, Shopping Cart, and Banners.
- **Tech Stack:** NodeJS, ReactJS, MySQL

Education

B.Tech, Computer Science & Engineering | 2019 – 2023 *Shri Ram Group Of Colleges, Muzaffarnagar, Uttar Pradesh*

Languages

- **English** (Professional Working Proficiency)
- **Hindi** (Native Proficiency)
